INTRODUCTION

ACE MEDICAL has actively supply different types of high quality medical devices, instruments, equipment, rehabilitation, and disposable products to all major hospital, clinics, veterinary clinics as well as selling directly to end-users through our retail.

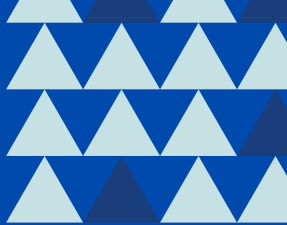

We offer the most complete, highest value line of medical equipment and supplies which range from simple disposable such as gauze, gloves, catheters, surgical tapes etc. to sophisticated equipment like ECG machines, operating tables, suction pumps, diathermy set, autoclaves etc.

We believe high quality products and excellent customer service are two main factors paved our company in an upward progress. Our highly trained staffs are always here to help our customers to make the best choices for their medical needs. Our goal is to build a high-performing medical equipment supplier company that gives healthcare providers the tools they need to achieve better outcome.
